

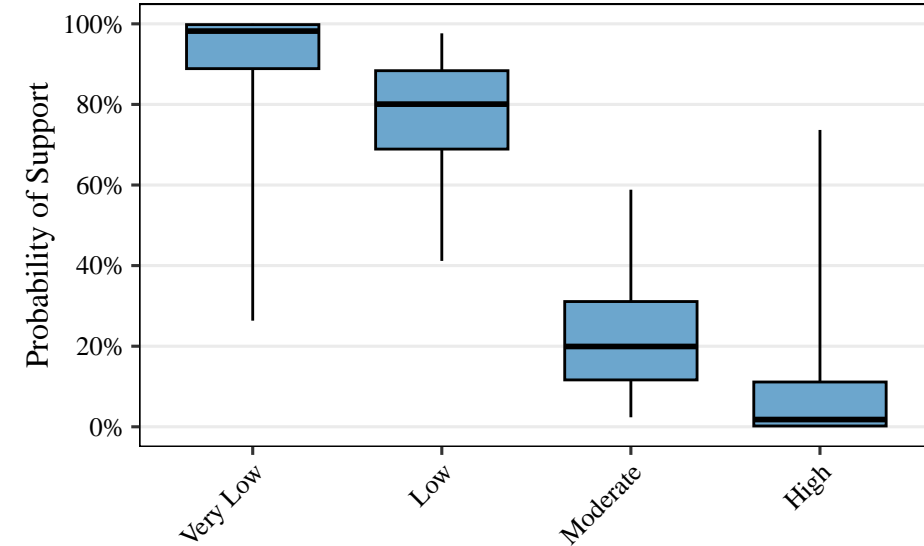

Figure 5 : Predictors of Militia Support

A

Slovak Nationality

Effect on Militia Support Probability

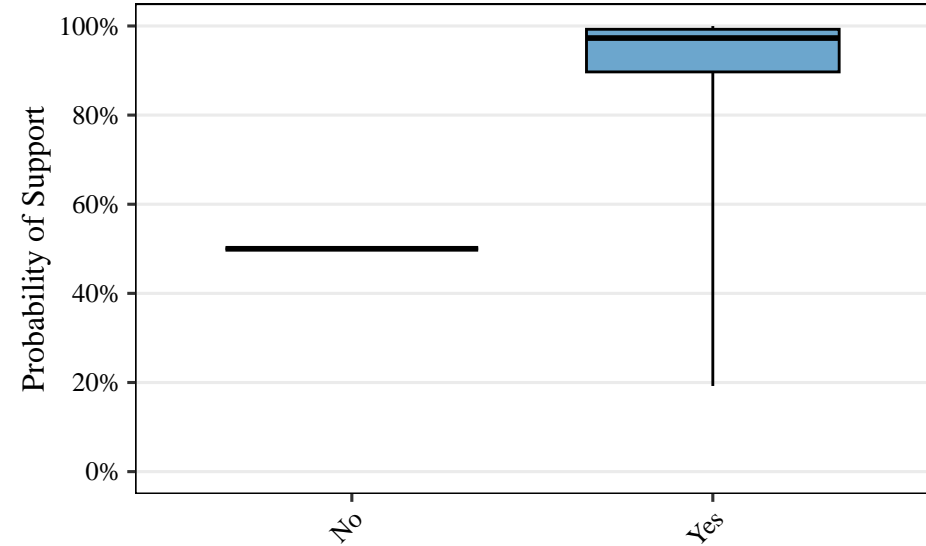

Note: Boxes show 50% credible intervals; whiskers show 95% credible intervals.

B

Nationalist Identity

Effect on Militia Support Probability

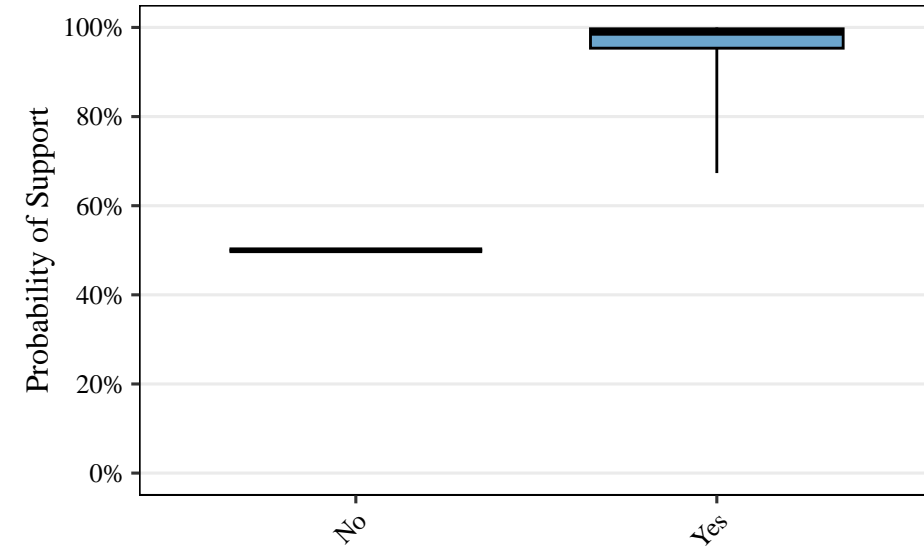

Note: Boxes show 50% credible intervals; whiskers show 95% credible intervals.

C

Far-Right Voting

Effect on Militia Support Probability

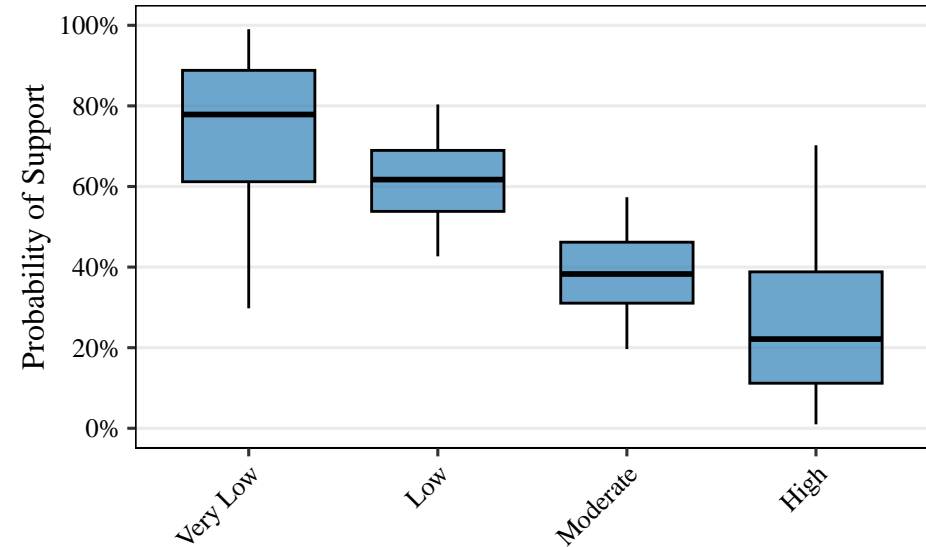

Note: Boxes show 50% credible intervals; whiskers show 95% credible intervals.

D

Law and Order Support

Effect on Militia Support Probability

Note: Boxes show 50% credible intervals; whiskers show 95% credible intervals.

Note: Estimates show predicted probability of militia support across levels of each variable.
